

# Lamborghini Espada S3 unrestored concours cond.

1974 beauty with original service books, 4 owners from new, 62.1km

This Lamborghini Espada in the nice color Verde Pallido was always kept in great condition. A big bunch of invoices, the original service book and first Swiss papers (delivered by Garage Foitek) shows the great care of the prior owners. It is very nice to drive and ready for the next Grand Tour. The last certificate shows a rating of 2+, which is very unique for an unrestored car. The V12 has just been fresh serviced and shows its 350PS.
